

INTERNATIONAL GREEN QUDS DAY

SATURDAY, SEPTEMBER 19th

**AT 4:00PM IN FRONT OF THE
IRANIAN INTERSET SECTION**

2209 WISCONSIN AVE. NW, WASHINGTON D.C.

The International Quds Day originated in Iran 30 years ago. To make the voices of the oppressed heard, to stand against the aggressor, to stand against violence, to stand against deception, and to stand for freedom.

Now the Iranian people have become the oppressed, and the Iranian government has become the oppressor. The Iranian government has responded to the peaceful protest of its own people with violence, with bullets, with torture, and with rape.

We ask you to come in the same spirit of opposition to injustice, of opposition to oppression and in support of freedom for all the innocents. The International Quds Day will no longer be a day dedicated to propaganda of the Iranian government, but a day dedicated to freedom.

فردای روز "قدس سبز"، ۱۹ سپتامبر، همگام با مردم داخل ایران، تجمعی اعتراض آمیز بر پا خواهیم کرد تا با شعار "نه غزه نه لبنان، جانم فدای ایران" اعتراض خود رو به وضع موجود در ایران نشان دهیم. این روز از ۳۰ سال پیش برای کمک به قدس آغاز شد ولی از امسال از این روز برای کمک به ایران استفاده خواهیم کرد. امیدواریم با حضور خود در مقابل دفتر از هموطنانمان که مورد ستم قرار گرفته اند حمایت کنید.
